## Volunteering

**Big Brother Big Sisters**  
Mentor  
2021 – 2022

## Summary

I am a full-stack web developer and researcher with a background maintaining and developing for large-scale enterprise software systems. I am in the process of completing my Master of Science in Computer Science under the supervision of Dr. Nathaniel Osgood at the University of Saskatchewan. I have completed my course work and am now moving into writing my thesis which can be done asynchronously.
